DEDICATION.

TO THE
ENTERPRISING BUSINESS MEN OF RICHMOND,
FROM WHOM
WE
HAVE RECEIVED MANY TOKENS
OF
KINDNESS AND ENCOURAGEMENT,
THIS BOOK
IS
RESPECTFULLY DEDICATED
BY
THE PUBLISHERS.

PREFACE.

In presenting to the people of Richmond this new Directory for 1883-4, we wish to thank the business community for the generous support they have given us, and venture to hope that the work may meet their expectations.

In compiling this book, we have spared no effort to have it embrace a *full and complete list* of all the inhabitants of the city above the age of 15 years. Perfection can hardly be hoped for in any undertaking, and an absolutely correct Directory would, indeed, be a rare gem. We know that this work contains sixty pages more of names than the best of the two Directories issued here two years ago, and with the list of "Omissions, Corrections and Changes," which will be found on page 301, we believe it is as near perfect as it is possible to make such a work.

A new feature in this book is the insertion, in parenthesis, of the wife's name after that of each married man, which, we think, will be found a great convenience.

In conclusion, we wish especially to thank Postmaster Palmer and his efficient corps of assistants for valuable help in the compilation of this work.

Respectfully,

THE PUBLISHERS.

POPULATION OF RICHMOND, 17,323.

In making the canvass for names for this Directory, every domicile within the city and suburbs was visited, and the number of residents carefully noted and recorded. By this means we have secured a census of the inhabitants which we believe to be fully as correct as if taken officially. The result is a population in the city of 17,323—of which 1,558 are in the suburbs.

The population by the census of 1880 was 12,749 in the city proper. The present enumeration, therefore, shows a growth of 3,016 in three years—a showing which is fully borne out by the large increase in new dwellings and other improvements, and which, if not quite up to the expectations of some, must be acknowledged to be quite satisfactory.

 Consult the "Omissions, Corrections, and Changes," on pages 301 and 302. During the printing of the work a number of changes of residence have taken place.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It is noted that this is essential for the proper management of the organization's finances and for ensuring transparency in all operations.

In the second section, the author outlines the various methods used to collect and analyze data. This includes the use of surveys, interviews, and focus groups to gather information from a wide range of stakeholders. The data is then analyzed using statistical techniques to identify trends and patterns.

The third section of the document focuses on the implementation of the findings. It describes the various strategies used to put the research into practice, including the development of new policies and procedures, the training of staff, and the establishment of a monitoring and evaluation system.

Finally, the document concludes with a summary of the key findings and a list of recommendations for future research. It is noted that while the current study has provided valuable insights, there are still many areas that need to be explored in greater detail.

PHILOSOPHY

The first part of the paper discusses the nature of the problem. It is argued that the problem is not merely a matter of the distribution of resources, but also a matter of the distribution of power. The second part of the paper discusses the nature of the solution. It is argued that the solution is not merely a matter of the distribution of resources, but also a matter of the distribution of power. The third part of the paper discusses the nature of the implementation. It is argued that the implementation is not merely a matter of the distribution of resources, but also a matter of the distribution of power.

The fourth part of the paper discusses the nature of the conclusion. It is argued that the conclusion is not merely a matter of the distribution of resources, but also a matter of the distribution of power.

The fifth part of the paper discusses the nature of the appendix. It is argued that the appendix is not merely a matter of the distribution of resources, but also a matter of the distribution of power.

The sixth part of the paper discusses the nature of the references. It is argued that the references are not merely a matter of the distribution of resources, but also a matter of the distribution of power.

The seventh part of the paper discusses the nature of the notes. It is argued that the notes are not merely a matter of the distribution of resources, but also a matter of the distribution of power.

EARLHAM COLLEGE.

This institution is situated one mile West of Richmond, on the South side of the National Road. It was established by the Society of Friends of Indiana Yearly Meeting, and, until 1881, was controlled by that body through a Board of Managers.

In 1878, Indiana Yearly Meeting and Western Yearly Meeting each appointed a committee to consider the subject of a union of the two Yearly Meetings in the management of Earlham College.

In accordance with a joint report of these committees, adopted by both Yearly Meetings in 1880, Indiana Yearly Meeting conveyed to a Board of twenty-five Trustees—twelve appointed by each Yearly Meeting, and the President of the College being ex-officio a member of the Board—by deed of trust, the college property, real and personal.

This Board of Trustees was, by due process of law, incorporated as "EARLHAM COLLEGE," and organized January 11, 1881, by electing B C Hobbs, President; M M White, Vice President; Naomi W Harrison, Secretary; W T Carpenter, Treasurer; and T Nicholson, M M White, W T Carpenter, J J Mills, M E Harris, N W Harrison, and Nathan Pickett, an Executive Committee.

The Faculty is as follows:

COLLEGE DEPARTMENT.—William P Pinkham, A M, President, Professor of English Literature and Elocution; Joseph Moore, LL D, Professor of Metaphysics and Ethics; Calvin W Pearson, Ph D, Professor of German, French, and History; Alpheus McTaggart, Ph D, Professor of Greek and Latin; Eli Jay, A M, Professor of Mathematics.

DEPARTMENT OF PREPARATORY INSTRUCTION.—Mahalah Jay, A M, Principal, Latin; Phebe Furnas, A B, English Grammar and Botany; Flora E Greene, B S, Fall and Winter Terms; Emma R Clark, A B, Spring Term, History and Geography; H Lavinia Baily, Ira I Cammack, Assistants.

HOUSEHOLD OFFICERS.—Allen Jay, Superintendent and Treasurer; Martha A Jay, Matron; William H Winslow, Proctor; H Lavinia Baily, Governess; Wm H Winslow, Secretary.

Florence Chandler, Teacher of Drawing and Painting; John R. Sherrick, Librarian.

The college year is divided into three terms. The Fall Term

begins September 5, 1883, and closes December 18. The Winter Term begins January 2, 1884, and closes March 25. The Spring Term begins April 2, and closes June 25.

Earlham College affords all the advantages for a thorough classical education, while its moral and religious influence is of the very highest order. Young ladies and gentlemen are admitted on equal terms. Hundreds of its graduates are now teaching throughout the West, many of whom stand very high in the profession. The demand for Earlhamites as teachers is always greater than the supply. The attendance last year was 246, of whom 107 were females, and 130 males.

THE BEST PRINTING

—AT—

CULLATON & CO.'S,

11 & 11½ South Eighth Street.

THE "FISHING LINE."

—TAKE THE—

Grand Rapids & Indiana

RAILROAD.

The only route to the Trout, Grayling, and Black Bass Fisheries, and the Famous Summer, Health and Game Resorts and

Lakes of Northern Michigan.

The Waters of Grand Traverse region and the Michigan North Woods are unsurpassed, if equaled, in the abundance and great variety of fish contained.

Brook Trout abound in the streams, and the famous **American Grayling** is found only in these waters.

The Trout Season begins May 1st and ends September 1st. **The Grayling Season** opens June 1st and ends November 1st.

Black Bass, Pike, Pickerel and **Muskalonge** also abound in large numbers in many of the lakes and lakelets of this territory. The sportsman can readily send trophies of his skill to his friends or "Club" at home, as ice for packing fish can be had at nearly all points.

Take your Family with you. The scenery of the North Woods is very beautiful. The air is pure, dry, and bracing.

The Climate is peculiarly beneficial to those suffering with **Hay Fever** and **Asthmatic Affections**.

New Hotels with all modern improvements have been erected, as well as many extensive additions to the older ones, which will guarantee ample **Accommodations for All**.

The completion of this line from Petoskey to Mackinaw City forms the most direct route to Mackinac, St. Ignace, and in connection with the Detroit, Mackinac & Marquette R. R., to Houghton, Hancock, Marquette, Negaunee, L'Anse, and all points in the Upper Peninsula of Michigan.

During the season **Round Trip Excursion Tickets will be Sold at Low Rates**, and attractive train facilities offered to Tourists and Sportsmen.

Dogs, Guns, and Fishing Tackle carried free at owners' risk. It is our aim to make sportsmen feel "At Home" on this route. For Tourist Guide, a handsomely illustrated book of 160 pages free, Time Cards, Folders, and further information, address
